L.E.V.O.C. FAMILY SERVICES (LFS)

L.E.V.O.C. Family Services provides community-based services in the Commonwealth of Virginia. These services are comprehensive in nature and practical in their approach

Each client receives a comprehensive assessment and strengths-based, individualized service plan that addresses his or her needs.

Vested in the communities it serves, L.E.V.O.C. works collaboratively with other community agencies and links clients to available community resources.

Operating in compliance with federal and state regulations governing mental health services, L.E.V.O.C. maintains the confidentiality and protects the rights & privacy of the clients we serve. L.E.V.O.C. is a member of several local Human Rights Committees.

Caring and competent mental health professionals work diligently to help clients achieve established goals and improve their quality of life.

Program Goals

LFS provides a therapeutic environment that encourages personal growth and development and enables individuals to function successfully in their communities. Clients enrolled in L.E.V.O.C.'s various programs are:

Linked to mental health treatment & community resources to meet their needs

Educated and trained in life skills to improve their levels of functioning

Valued and celebrated for their strengths and successes

Often consulted to ensure services are satisfactory

Closely monitored to ensure their health and safety needs are met

Individual Counseling Services

LFS provides in-home & outpatient counseling services to assist individuals to resolve problems, process traumatic experiences and modify unproductive behaviors in a confidential and supportive environment.

Family Counseling Services

Family counseling services are designed to stabilize families and improve their functioning by resolving conflict, improving communication and coping skills, and to reinforcing family connections.

Psychosocial Rehabilitation Services

Psychosocial rehab is a facility-based service designed to help individuals with severe and/or persistent mental illnesses and/or intellectual disabilities to develop social skills and vocational & daily living skills to achieve & maintain their optimal level of independence in the community.

Substance Abuse and Other Intervention Services

These services include various psycho educational & support groups designed to help participants eliminate maladaptive behaviors such as substance abuse, angry outbursts, domestic violence and minor criminal behaviors.
