Mental Health Skill-Building Services

MHSS

Mental Health Skill-building Services include strategies and interventions designed to improve each individual's level of functioning to enable them to remain stable in the community.

L.E.V.O.C. FAMILY SERVICES (LFS)

L.E.V.O.C. Family Services provides community-based services in the Commonwealth of Virginia. These services are comprehensive in nature and practical in their approach

Each client receives a comprehensive assessment and strengths-based, individualized, service plan that addresses his or her needs.

Vested in the communities it serves, L.E.V.O.C. works collaboratively with other community agencies and links clients to available community resources.

Operating in compliance with federal and state regulations governing mental health services, L.E.V.O.C. maintains the confidentiality and protects the rights & privacy of the clients we serve. L.E.V.O.C. is a member of several local Human Rights Committees.

Caring and competent mental health professionals work diligently to help clients achieve established goals and improve their quality of life.

Program Rules

Mental Health Skill-building Services entail goal-directed training to help individuals to achieve and maintain community stability and independence in the most appropriate, least restrictive environment. Individuals enrolled in our Mental Health Skill-building program are:

Linked to treatment for mental health, emotional and behavioral health issues

Educated and trained in life skills to improve their levels of functioning

Valued and celebrated for their strengths and successes

Often consulted to ensure services are satisfactory

Closely monitored to ensure their health and safety needs are met

Life Engaged through Vision, Outcomes, and
Character

LEVOC

All MHSS Individuals Receive

1. An assessment by a licensed or license-eligible Mental Health Professional
2. An individualized service plan with measurable goals to gauge progress.
3. Training in functional skills and appropriate behaviors related to the individual's health and safety
4. Training in activities of daily living, use of community resources, assistance with medication management; and monitoring of health, nutrition, and physical condition
5. Competent service providers who work under the direction of a licensed mental health professional
